BOARDING SERVICES

Woodburn Pet Hospital offers boarding and grooming services for all pets. We are open seven days per week to allow for any day pickup and drop off. However, we are not a 24 hour hospital, and therefore, there are times when boarded pets are not supervised. What we do is walk the dogs three times per day and feed and water them according to your instructions. You can bring your own food for them or we can feed our food. We feed Purina EN, which is a gastrointestinal diet, which helps with stress and diarrhea. Please remember that leaving your pet at ANY boarding facility is stressful. It is common that pets will not eat as well, bark excessively and generally be stressed. For some dogs this is a nonfactor and for some dogs it is a significant factor. Sometimes including familiar toys and belongings can help this, but we ask that you limit the items to as few as possible.

The dogs are kept in a 3 x 5 enclosure or a medium sized stainless steel kennel. We place blankets or towels on the floor for the pets sleeping comfort. The hospital is heat and cool climate controlled 24 hours per day. Dogs boarding here need to have current vaccinations for Rabies, DA2P-P (Distemper-Parvo), and Bordetella (Kennel Cough).

Cats stay in the CATS ONLY ward in the front of the hospital. They have climate controlled heating and cooling and windows for outside viewing. Cats boarding here need to have current vaccinations for Rabies and FVRCP (Feline Distemper).

Boarding charges are as follows:

Feline Boarding	14.95/day
Canine Boarding..... up to 15 lbs.	13.95/day
Canine Boarding.....16 - 30 lbs.	18.00/day
Canine Boarding.....31 - 60 lbs.	21.50/day
Canine Boarding.....61 - 90 lbs.	22.75/ day
Canine Boarding.....over 90 lbs.	25.75/day
Day Boarding	9.50/day
Diabetic Pet	20.50/day
Luxury Boarding	40.25/day

Charges are for the day you drop off through the day you pick up. If you pick up by 9:30 AM, you are not charged for that day. Please allow at least an hour after the hospital opens for the day before coming to pick up your pet, as we need time to be sure your pet is clean and presentable. Sometimes what happens overnight is beyond our control, and your pet may need a bath before being discharged.

Luxury boarding is available, with larger kennels (5 x 7-10 feet). Dogs also have access to our television that we usually tune to Animal Planet. Dogs in Luxury that stay at least 3 nights also have a bath prior to checkout, which is included in the boarding rate of \$40.25/night.
